

STONY PLAIN SUN.

VOLUME EIGHT.

STONY PLAIN, ALBERTA, THURSDAY, JUNE 28, 1928.

Whole Number 412

O Canada!

O Canada! Our home and native land!

True patriot love in all thy sons command.

With glowing hearts we see the rise,

The True North, strong and free,
And stand on guard, O Canada;
We stand on guard for thee.

O Canada! Glorious and free!
We stand on guard for thee!

O Canada! we stand on guard
for thee!

O Canada! where pines and maples grow;

Great prairies spread and lordly rivers flow;

How dear to us thy broad domain,
From East to Western Sea!

Thy land of hope for all who toil!

Thou True North, strong and free!

O Canada! Glorious and free!

We stand on guard for thee!

O Canada! we stand on guard
for thee!

O Canada! beneath thy shining skies

May stalwart sons and gentle maidens rise,

To keep thee steadfast through the years,

From East to Western Sea.

Our Fatherland, Our Motherland!

Our True North, strong and free!

O Canada! Glorious and free!

We stand on guard for thee!

O Canada! we stand on guard
for thee!

—R. Stanley Weir.

Edmonton Exhibition.

Visitors at the Edmonton Exhibition, to be held July 16 to 21 next, will find extensive alterations and improvements have been made to the grounds and buildings. Five new cattle judging rings will be located immediately to the west of the cattle barns, and accommodation will be provided for spectators.

The art section has been moved to the old Administration Building leaving the entire upper floor for women's needlework and cooking.

The Prize List will be "bigger and better than ever." An entirely new prize will be that given for decorated stalls, \$5 for the best decorated stall in each breed of horses and cattle, and \$10 for the best decorated stall in any breed of live stock.

Grains will receive increased awards. The Alberta Pacific Grain Co has offered a silver cup for annual competition. A small replica of it will go to the winner each year for permanent possession.

Another new feature will be classes for farm women, including prizes for the best patchwork or piece-work quilt, and the best pair of handknit socks and stockings.

Arising out of the first specially conducted farmers marketing tour of Great Britain and Denmark, taken last winter, there will be a new exhibit by the Dominion Government, in association with the Canadian National Railways. Other items of interest will be the Old Timer's and Forestry Cabin.

A feature which will be a boon to parents is the free Baby Clinic, to be held under the direct supervision of Provincial Dept. of Health.

Entries for all departments close July 3rd and those wanting free Prize Lists should write to E. L. Holmes, Secretary, Edmonton Exhibition Association, Arena Bldg.

Monday next, July 2nd, being a public holiday, all places of business in Stony Plain will be closed.

Wednesday Half-Holiday.

During the months of June, July and August all places of business in Stony Plain will close Wednesday afternoon at one o'clock.

LOCAL NEWS.

Mr Andrew Alt is at present on a trip to old friends in Montana. Later, he intends visiting his old home in Duluth, where he will join in a family reunion.

Mr Herb Wolfe, Mundare, is spending a vacation at his home north of town.

Mr Sam Tyrkalo was operated on for appendicitis in an Edmonton hospital, Sunday last.

Mr Guenther O N Stein, a newspaper man on the staff of the Berliner Tageblatt, was a visitor at The Sun office on Friday last. Mr Stein paid a visit to Mr and Mrs Gustav Heichen, with whose son, young Dr Heichen, author and journalist, Mr Stein attended college with.

The exams of the Toronto Conservatory of Music are being held in Edmonton tomorrow, the 29th. Pupils of Miss C Rivest to the number of six are in attendance at the exams.

Mr Alex Graden is now a duly-qualified chauffeur, and intends operating a truck on the Comb's express line to the City.

Mr Jacob Miller, one of Stony Plain district's pioneer settlers, is holding a clearance sale of his household goods, etc., on Thursday next, July 5th. The goods are all first-class articles, and should bring good prices. M Zucht is auctioneer.

R. C. services will be held in the Town Hall on Sunday next at 11 a.m.

Dance at Muir Lake, Friday, June 29th.

Community Picnic at Spruce Grove, Friday, June 29.

U. F. A. Picnic at Telford-ville, July 4th.

If your eyes bother you, or you suffer from headaches, why not have your eyes attended to by an expert? M M Mecklenburg, eye specialist, 1059 10th St., Edmonton.

Auto Accident on Baseline.

On Thursday evening last, during the heavy rain storm, a number of motor cars were ditched along the Baseline, east of the Grove. Mr McKinlay was returning in his car from Edmonton at the time, and had stopped to render assistance to those ditched. While engaged in this work, a west-bound auto came over the top of the hill and bumped into Mr McKinlay's car, damaging the fender on his big sedan. The attacking car suffered damages to a greater extent, and had to be taken to the Grove for repairs.

The Power of the Pool Lies in Volume Control.

+++

The Canadian Wheat Pool Now Handles ONE-FOURTH of the World's Exportable Wheat Surplus.

The Wheat Pool has given ample evidence of its usefulness to wheat growers since last harvest. Faced with the handling of a damaged crop and with a large increase in world production, the Pool has been successful to a considerable degree in preventing disastrous slumps. Every wheat farmer in Western Canada owes a debt of gratitude to the Wheat Pool.

The power of the Pool lies in its control of volume. Every bushel placed in the Pool means greater strength. The organization needs YOUR assistance.

The ideal of co-operation is working together for the common good. It is opposed to any system that makes a profit on the result of the labor of the producer. Its operations mean more wealth for all the producers.

Co-operation is not only a sentiment, but an economic necessity. Let the hearts and minds of our farmers become enthused with its ideals and there is hope for the economic future of agriculture.

You who have not signed the Second Series Wheat Pool Contract gain nothing by delay. You only endanger the welfare of an organization that has proven the best friend the farmer has ever had.

Signs Of A Better Era

The period of prosperity now so generally prevalent throughout Canada and the United States, and the marked rise in industrial activity in all lines all over this continent, and which is being felt to a steadily increasing extent in Great Britain and other European countries, seems to present to some ill-informed minds and agitators an opportunity to once again revive the old "strike" weapon. When times are hard, business depressed, with large numbers of men unemployed and anxiously seeking work, the agitator urging men rejoicing in employment to "strike" has a hard row to hoe, but when business is brisk, the vast majority of men employed, and an increasing demand for labor, the agitator sees his opportunity to make trouble.

Fortunately, both employers and employees have learned from past bitter experiences that industrial warfare does not pay, any more than does war between nations; that the victor suffers almost as great damage as does the vanquished; and the general public which after all is the greatest sufferer is now more and more inclined to sternly oppose the calling of a "strike."

Relations between the bosses on the one side and the men on the other have been bettered and become more cordial in recent years through a realization of a truth, which ought to have been recognized long ago, that, in the final analysis, their interests are common. Employers today do not regard their men as mere machines, but as real and active partners in the success of the business in which they are jointly engaged, and the average workman today recognizes that his employer has huge problems and difficulties to face in successfully administering and maintaining his business in a highly organized and fiercely competitive world field.

Recently an attempt was made to induce all the employees of the Toronto Street Railway system to go out on strike to enforce a series of demands made by them. To tie up the street railway system in a city like Toronto would be a public calamity, resulting in great inconvenience to everybody and an enormous loss to the entire community. The Toronto street railway is municipally owned—that is, it belongs to all the people. The management pointed out that to meet the men's demands would necessitate an increase in fares. This brought the issue right home to every resident, and particularly to all classes of workmen in the city who are among the principal users of the cars. Had the system been privately owned, people probably would have felt that any increased expense to meet the men's demands could be met out of profits, and that any increase in fares was unnecessary, but in a municipally-owned system, operated to provide service rather than to accumulate profits, the statement of the management was accepted not as a "fact," and that either increased fares, or operating deficits "to be avoided at all costs" were rejected.

So, when the matter of calling a "strike" finally came to a vote of the street railway employees, the men themselves rejected it by a ten to one vote in favor of arbitration, a very healthy indication of sane thinking on the part of the men and of the present trend of public sentiment.

Another Toronto labor incident may be cited as indicating the newer and more reasonable point of view now advocating labor men. Structural steel workers on three of the largest buildings in the city went out on strike to compel their employers to establish a closed shop and employ only union men, which would be a reversal of the Company's policy during the last forty years of making no distinction between union and non-union men but treating them all frankly and alike. The steel workers have sought to induce other branches of the building trades to go on strike in sympathy with them, but without success, and even the International Union, it is understood, refuses to endorse the attitude of the strikers.

The fact is becomingly increasingly evident that in this age the bludgeon methods of war are growing more and more in disfavor, no matter in what direction or cause they may be employed. People are becoming more insistent all the time that causes of dispute, whether between nations, or in the industrial arena, or between individuals, be settled through the orderly processes of law and arbitration, and not by flying at each other's throats and engaging in combat in which countless thousands of absolutely innocent persons are made to suffer.

More Deadly Than Disease

Motor Cars Kill Thousands Of Children In New York

Nearly 2,000 children under 15 years of age have been killed by motor cars.

HE DIDN'T THINK DYSENTERY COULD BE RELIEVED

Mr. John Mellin Fenner, Alta., writes:—"I am a returned soldier, and when I came home from overseas suffered greatly from dysentery. The doctor said I was chronic and did not think it could be relieved. However, he doctored me for quite a while, but did me no good. One day the druggist asked me if I had ever tried

"On his recommendation I bought a bottle and after I had taken it got some relief, so I got two more, and have never had the dysentery since 1925."

W. N. U. 1739

motor cars on the streets of New York during the last five years, according to figures made public by the health department. Three times as many boys as girls were victims.

Health Commissioner Harris said in this city death caused by automobiles are more numerous than those due to diphtheria, scarlet fever, and typhoid combined.

Announces New Discovery

Artificial Teeth Can Be Made Without Plate, Says Toronto Dentist

Dr. F. W. Harbour, Toronto dentist, announced a remarkable discovery in which false teeth are made to stay in place by means of suction called "marginal retention," for use on either the upper or lower jaw. By this the vulcanite plate formerly covering the palate of those who had artificial upper teeth and which used to interfere with diet, and the sense of taste, will be done away with, relieves considerable discomfort to the wearer.

Fist Surgeon—"Are you going to operate on this patient?"

Second Surgeon—"I'm afraid to; there's something the matter with him."

An enemy knocks a man down, then a friend proceeds to kick him.

Obtains Second Place

Blind Student At Brantford Successful In Essay Contest

Obtained second place among 20,000 contestants in the Ontario Regional essay contest, a blind boy student at Ontario School for the Blind, Brantford, will receive congratulations of the acting minister of education, Hon. W. H. Price, conveyed by Dr. A. H. Colquhoun, deputy minister, to Supt. Race. Ernest Phillipott, writing upon the subject, "Laura Secord, the Woman Who Made Confederation Possible," attained the highest place but one in this large field, and, in addition, three other pupils of the school received special prizes.

GREAT HELP TO YOUNG MOTHERS

Baby's Own Tablets Have Many Uses And Are Absolutely Harmless

To have in the house a simple, harmless remedy for the minor ills of babies and little children is a great boon to young mothers, and this is what Baby's Own Tablets have been found to be in hundreds of households. The Tablets regulate the stomach and bowels, break up colic and simple fevers, allay the irritation of sore eyes, relieve the effects of drug taste and the children like them. Concerning the Tablets Mrs. Ruthven Crommiller, Ruthven, Ont., writes:—"I send my young little ones to the Care on the Baby. I have two children, one four years of age and the other a year and a half. Both are in excellent health and the only medicine they take is Baby's Own Tablets. I always keep the Tablets in the house and am happy to recommend them to other mothers."

Baby's Own Tablets are sold by all medicine dealers or by mail at 25cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Golf Week At Jasper Park

Events At Jasper Park Lodge

Course, Jasper Park, Alberta, September 8th to 15th Inclusive

Saturday, Sept. 8th (Morning) — Handicap match against par, eighteen holes. Players are allowed three-quarters of their handicap. Entries may arrange their pairs. (Afternoon)—Ladies' handicap — Match against par.

Sunday, Sept. 9th (Morning) — Inter-Provincial and State competition. Teams of six players from provinces or states. Total of medal round all competitors for 18 holes to be counted. Individuals prior to winning team members. (Afternoon)—Mixed foursome matches against Bogey 50 per cent. of combined handicap.

Tuesday, Sept. 11th (Morning) — Jasper Park Lodge Silver Totem Pole Trophy. Qualifying round eighteen holes. Gold medal for semi-finalists and Silver Totem Pole Trophy to winner of first sixteen. Suitable trophies to winners to second and other sixteens. (Afternoon)—Individuals group competition.

Wednesday, Sept. 12th (Morning) — Jasper Totem Pole Trophy. First round, eighteen holes; all flights. (Afternoon)—Ladies' first round; all flights.

Thursday, Sept. 13th (Morning) — Jasper Totem Pole Trophy. Second round, eighteen holes; all flights. (Afternoon)—Mixed foursomes—Medal round.

Friday, Sept. 14th (Morning) — Jasper Totem Pole Trophy. Semi-finalists Men and ladies. (Afternoon)—Mixed foursomes—Match against C.D.G.U. par 3% of combined handicap.

Saturday, Sept. 15th (Morning) — Jasper Totem Pole Trophy. Finals; all flights. (Afternoon)—Ladies' putting competition 5 p.m.—Prize giving.

The winner of the first 16 in the Totem Pole Trophy competition will receive a reduced facsimile of the trophy, which will be his permanent possession. The trophy itself, upon the end of a bond, may be held for a year by the club from which the winner enters.

Grapes grown in Holland and Belgium can be sent by water to London at a much lower cost than similar fruit grown in the south of England can travel by rail.

Wise and experienced mothers know when their children are troubled with worms and lose no time in applying Miller's Worm Powders, a most effective vermifuge. It is absolute in clearing the intestinal tract and restoring those healthy conditions without which there can be no comfort for the child, or hope of robust growth. It is also a most thorough worm exterminator.

A street car moves much faster when you are running to catch it than after you have caught it.

For rheumatism use Minard's Liniment.

Care For Your Hair With Cuticura Soap

And Cuticura Ointment. Before shampooing, rub the scalp with Cuticura Ointment, letting it remain on over night when possible. Then shampoo with a suds of Cuticura Soap and warm water. Rinse thoroughly. A clean, healthy scalp means good hair.

Sample Pack Free by Mail. Address Canadian Dept.: 32 and 34, Talon St., Montreal, Quebec. Cuticura Shaving Stick 25c.

Alberta's Coal Resources

Official Figures Place Total At Over a Billion Tons

An estimate of Alberta's coal resources, made recently by the International Geological Congress, places the total at 1,035,629 million tons, according to figures received by the provincial government. This is 14 per cent. of the world's coal supply, 72 per cent. of the British Empire's resources, and 87 per cent. of Canada's resources.

The mines presently operating in Alberta are capable of producing 100,000,000 tons annually, and it has been estimated that if this production were increased 100 times, that the available supply would not be exhausted for 18 centuries.

Wretched From Asthma. Strength of body and vigor of mind are inevitably impaired by the visitations of asthma. Who can live under the cloud of recurring attacks and keep body and mind at the full strength? Dr. D. Kellogg's Asthma Remedy dissipates the cloud by removing the cause. It does relieve. It does restore the sufferer to normal bodily trim and mental happiness.

The physical and mechanical properties of Sitka spruce and its availability in long straight-grained pieces have made it the most valuable timber for aeroplane construction.

Honored Earl Of Asquith

Southern Mountain Peak and Western Town Named After Him. The name of the late Earl of Oxford and Asquith is likely to live not only in history, but in geography, for two places on the map were named in his honor during his term of office as Prime Minister.

The first such honor was paid Mr. Asquith by Sir Frank Shortleton, who named a newly-discovered peak in the vicinity of the South Pole, Mount Asquith. The second was the bestowal of his name on Asquith Town, in Saskatchewan.

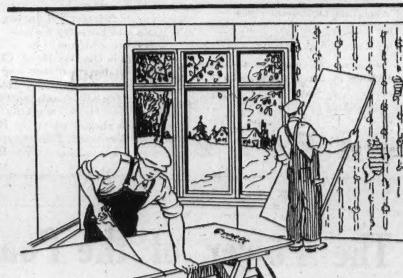

Soft corns are difficult to eradicate, but Holloway's Corn Remover will draw them out painlessly.

A Land Of Farm Owners

Western Canada is a land of farm owners, according to census revelations. In Manitoba more than 51 per cent. of occupied farms are inhabited by their owners; in Saskatchewan over 77 per cent. and in Alberta over 75 per cent.

For Hay Fever—use Minard's.

The number of persons employed in road construction in Canada in 1926 reached a total of 26,071, and was greater than in any of the past seven years.

Nail GYPROC right over Old Walls

GYPROC Advantages for Farm Buildings

Easy to use.
Low cost.
Workable at lumber temperatures.
Does not warp, buckle, crack, shrink or burn.
Takes any decoration.

Resists heat and cold.
Vermicim proof.

Eliminates repairs.

Ideal for barns, garages, potato houses, barns, grain bins, and cold storage tanks.

Especially suitable for converting attics and basements into extra rooms.

How many rooms in your home have walls that are cracked and faded? Make them "good as new" by nailing Gyproc right over the old, unsightly wallpaper. When you've decorated with Alabastine your home will be as attractive and comfortable as any home can be.

Use Gyproc for partitioning off extra rooms, renovating attics and basements, and making grain bins, stables and other farm buildings fire-safe and vermin-proof. You can put it up yourself—easily, quickly and at a substantial saving.

Gyproc Joint Filler applied at all the joints insures a perfectly smooth, flat surface that will take any decoration.

Tourist Traffic Helps People Of United States To Become Better Acquainted With Canada

Figures recently issued by the United States Department of Commerce indicate that American tourists to Canada last year spent four dollars for every dollar spent by Canadian visitors to the United States. The respective amounts were \$206,000,000 and \$51,000,000. From a per capita standpoint the comparison appears altogether different with Canadians spending \$5.36 in the United States for every head of the Dominion's population against \$1.73 spent in Canada for each person in the United States.

However that is aside from the point that Canada officially welcomes the tourists and desires that each and every one shall have a most pleasant and enjoyable holiday within its borders; and that they shall go home with pleasant recollections. In this latter connection the Natural Resources Service at the end of the tourist season last year reported that its correspondence showed that the visitors were for the most part satisfied and pleased with Canadian hospitality. Allowances were willingly made for roads under repair and Canadian courtesy was fully recognized; what complaints there were related to lack of suitable accommodation except in the larger centres, and to overcharging. The Service issued a warning "Don't Overcharge the Tourists," in which it was stated that there were some very definite accusations of unfair treatment. This warning received very wide publicity, and it is not expected that there will be complaints this year. Nevertheless before the season is far advanced it is believed to be in the public interest to repeat the warning, and to double the bounds of trade, municipal, provincial, and commercial, and the merchants will be on the look out for offenders.

A pleasing feature of this year's correspondence is that a great many more people in the United States are better acquainted with Canadian geography. In place of writing "Please tell us about Canada" they now want to know about the roads connecting certain cities, the accommodation and the sporting and recreational attractions. Many are interested in points of historical interest.

A great many persons who visited Canada last year will come again this season and this is highly significant of the interest in our country when they plan to afford the time for another visit in the immediately succeeding season. The following is from a letter written by a woman in Maryland, who motored in Canada last year, and asks for help in planning a trip this year.

"I had heard so much about Canada for last year, but I'd always thought of it as some far away place, and having people different from us in the States. I don't know when I've ever felt more at home than I did while in Canada, and your people are some of the finest on earth I'm sure. So hospitable, and even the police you have are courteous and willing to assist visitors and even bearing with them in their traffic errors. Maybe you don't receive many letters like this but I'm sure that some folks with whom I've talked about Canada have the same opinion that I have."

Canadians who have helped to entertain and assist our American visitors in their journeying through Canada will appreciate that kindly expression of appreciation and there are very many more like it. Canada welcomes the tourists and does want to see them come again.

Employ Bituminous Sands

By means of actual tests in road construction it has been definitely established that the bituminous sands of northern Alberta can be successfully employed for paving purposes. As the present supply of these sands is practically unlimited, their presence and use appear to have solved the problem of permanent paving and road construction in the western provinces.

Few people impair their eyesight looking on the bright side of things.

W. N. U. 1739

Lived On Strange Food

Rare Small In British Museum
Evidently Ate Gums

The entire force of the British Museum knocked off work recently and devoted itself to searching for one of the rarest snails in its collection, which disappeared suddenly and inexplicably after having remained sedately glued to a piece of cardboard for twenty years.

After a frantic search, the gasteromorphs discovered admiring the exhibits in a far distant wing of the museum. The assembled savants put their brains together on the problem, and decided that during his blameless and sedentary existence of two decades, M. Escargot had lived on the glue which held his apparently inert carcass to the cardboard. When he was mounted, he kept him at home, either from an alimentary adhesive point of view, so he went.

The wandering molluse has been returned to his position, where he is secured this time by enough glue to keep him in food for at least another century.

HERCULES
TRADE MARK
PERMANENT BUILDING PAPER

IT TAKES A SHARP BLADE

Healthy beards can be removed most easily with a sharp blade. So, too, can Hercules Permanent Building Paper be cut. It doesn't tear easily.

For this reason alone, carpenters and builders prefer Hercules. When using, handle it as roughly as you like. Hercules will not tear or crack. Hercules allows greater speed in using.

For various purposes, Hercules is made in three grades—x light, xx medium, xxx heavy. All grades are tested and proven wind proof and damp proof. A sample gladly sent on request.

Appleford Paper Products

HAMILTON, CANADA

WORLD HAPPENINGS BRIEFLY TOLD

By an order-in-council the Saskatchewan Gasoline Act, 1928, has been amended to exempt all railway companies operating in Saskatchewan from payment of the tax.

Negotiations for trade treaties with several foreign countries including Newfoundland, will be entered by the Canadian Government during the present year.

Dr. Otto Hamann, long a figure in German political life and chief of the press bureau of the foreign office from 1894 to 1915, is dead at the age of 76.

The equal franchise bill, giving women the vote at the age of 21 under the same terms as men, passed its third reading in the House of Lords, without discussion.

More beets, more parsnips, more oats, more flax and more wheat are produced annually at the Saskatchewan prison in Prince Albert than in any other penitentiary in Canada.

At Philadelphia the seaplane P.N. 12, carrying a useful load of 2,000 kilograms (approximately 4,400 pounds) broke the world's altitude record by ascending more than 12,000 feet.

A new five-cent air mail postage rate, to be effective August first, is announced by Postmaster-General New, or the United States. A five cent air mail stamp has been authorized.

Dr. Fridtjof Nansen, famous Arctic explorer told the International Congress of Aerial Arctic exploration that in 1929 he intends to make an extended polar flight in a dirigible airship. He said this ship was now being constructed in Germany.

Modern Miracles

On Victoria Day, Premier Mackenzie King gave a broadcast message from Ottawa to a 100,000 crowd assembled in Hyde Park, London, England, and a little later High Commissioner Larkin telephoned to the British metropolis to exchange greetings with reference to the incident. Either event would have been regarded as a miracle not so very long ago, yet the two combined scarcely caused a ripple of public attention, so used have we become to modern marvels.

The trouble about worshipping ancestors is that people who do it seldom provide the same privilege for posterity.

Athletes.

For sprained ligaments, bound muscles, kicks and bruises—use Minard's.

Red Cross Editorial Contest

Congratulations Are Extended To The Winners In Both Daily and Weekly Sections

Congratulations are now being widely offered all over Canada to those who have won prizes in the recent editorial contest inaugurated by the Canadian Red Cross Society, for the best editorials published in the daily and weekly press of the Dominion, to celebrate the centenary of Henri Dunant and the founding of Red Cross for the world.

Prizes have been awarded to: Robert Henderson, of the St. Thomas Times-Journal, St. Thomas, Ontario; the best editorial winning the daily paper while Miss May Stuart Clendenan, of the Farmers' Advocate, London, Ontario, took the leading place in the weekly paper section in English. The other bright and clever people who won honors and prizes were: Second for dailies, H. B. Christie, The Expositor, Brandon, Ontario. Third, Miss Kenneth M. Haig, Manitoba Free Press, Winnipeg, Manitoba. It is worthy of note that Miss Clendenan is the present president of the Canadian

Women's Press Club, while Miss Haig is a past president.

Prizes for the weekly papers in English: second, C. J. Albon, The Asquith Record, Asquith, Saskatchewan; third, C. W. Peterson, The Farm and Ranch Review, Calgary, Alberta.

For the French section, prizes were awarded respectively to Adolphe Savard, La Patrie, Montreal, P.Q.; J. M. Estival, La Soleil, Quebec, P.Q.; and to Charles Gauthier, Le Droit, Ottawa, Ontario.

The judges for the English section formed into an adjudicating committee headed by Dr. James W. Robertson, chairman of the Central Council of the Canadian Red Cross Society were: Dr. Lorin Pierce, Editor, the Ryerson Press, Toronto; J. F. B. Livesey, general manager, Canadian Press, Toronto; J. M. Elson, Canadian Author's Association, Toronto; Professor G. M. Wrong, History Dept., University of Toronto.

For the French section the adjudicators were: Mr. Leon Lorraine, of the Commercial High Studies School, Montreal; Mr. Robert Choquette, professor of the University of Montreal, and Dr. Victor Morin, past president of the Canadian Authors' Association.

The contest was entered by sixty-one papers, but dozens more contributed editorials without actually entering the contest. Several million readers were thereby informed that it was Henri Dunant who actually originated the idea of Red Cross for the world, whereas, formerly, only a vague idea that Florence Nightingale had done so, existed in many people's minds. Florence Nightingale, however, was publicly acknowledged by Dunant in a speech in London in 1872, as having been his inspiration.

Indiana Make Big Profits

Found Seal-Fishing Good Along West Coast Of Vancouver

Fur seals have been unusually plentiful this season along the west coast of Vancouver Island, and the Indian, to whom pelagic sealing is permitted if guns are not used, have brought in a large number of skins for sale. The price is high and some of the hunters have been making big profits.

The weather was stormy at times and the Indians, in the trial dragging canoes, had no easy time during the hunt, but are well pleased as the salmon fishing has not been any too good owing to the rough seas.

BRITISH TRADE AND FOREIGN COMPETITION

Sir Charles Sykes, former coalition Liberal member of the British House of Commons, is concerned over foreign competition and its effects on British trades. "Drastic remedies are required" he said on arrival in Canada a few days ago on the White Star liner "Regina," "if Great Britain is to be restored to that position in the world which she formerly held."

Farmers' Marketing Tour

Canadian National Railways' Tour To Great Britain and Denmark, 1928

(Continued.)

The next morning saw us out even earlier. At 8:30 we were viewing the Snow Hill Police Station adjoining Smithfield Market, the finest police station in Great Britain, yet notwithstanding its modesty, spaciousness and hydraulic advantages and the pictures of the men who labored which we found in the policemen's recreation room, none of us really wished to stay.

From this last word in police stations we went to the smoke houses and provision establishment of Messrs. George Bowles, Nicholls & Co., Ltd., where we were shown sides of bacon from twelve countries in the world. Mr. George J. Nichols, Managing Director, compared the various qualities of Canadian bacon, he said was placed fourth in public favor. First England, Ireland, Spain, and then Canada. Comparison was also made with butter, cheese and eggs. Two Chinese eggs six years old were broken and showed perfectly fresh, so far as shadowed.

Meat was concerned. Both had large yolks and were examples of what eggs should be. A good deal was learned from Mr. Nichols regarding the requirements of the British market and whose remarks brought forth many questions from the party.

We were now taken in hand by the Central Markets Committee Corporation of the City of London, who showed us Smithfield Meat Market and Spitalfields Fruit and Vegetable Market including its extensive premises, to the latter at a cost of \$10,000,000. We had scarcely time to reflect upon the history of this seven-hundred-years-old market-place, the largest meat market in the world, before we were told that Wat Tyler was slain by Sir William Walworth in the presence of King Edward III, and that it had been the scene of many悲惨的 martyrdoms, for soon we were travelling through aisles of meat which never seemed to end. There were 5,000 tons up to the hooks. All that meat comes in from the market through the street. Access to the door to the market is by two hydraulic lifts from each of which 100 to 150 sides of beef can be cleaned every hour. The meat is then afforded the most delicate treatment, and the most exacting questions of anybody in the markets, both meat and fruit and vegetable, and a mass of information was obtained having a direct bearing on the market and the Committee.

After three hours of tireless investigation we were ready for the Mansion House and the reception of the Lord Mayor and Lady Mayoress and their suite in this imposing house, where since the 18th century, the Lord Mayor of London have received kings, princes, statesmen and other representatives from all lands, who were given a cordial welcome and made to feel at home. During a pleasant and privileged half hour we were shown the old kitchen, the great hall, the dining room used to be roasted barons of beef, entertained in the great Egyptian Hall, and accorded a view of the City's gold plate.

Leaving the Mansion House with some regret at the shortness of the stay, we made the brief walk to the Guildhall as guests of the Central Markets Committee.

We entered the Guildhall, a feeling akin to reverence. If London is the heart of the Empire, the Guildhall is the heart of London. It has been the centre of stirring episodes throughout the centuries and the pillars of the Great Hall which were licked by flames to a height of thirty feet, still bear the marks of the Great Fire of London. Here the grand opening of the Canadian legation was still on guard, and in this room on July 29th, 1915, Sir Robert Borden was accorded the Freedom of the City of London and tribute was paid to the gallant and tenacious defence of the Canadian Force in the Second Battle of Ypres.

Our luncheon table was set in the famous Art Gallery, a colorful surround of pictures of historical and artistic interest. It was fitting that Alderman W. P. Neil should preside at a luncheon to Canadian farmers for whom he was from time in the effort which led to the abolition of the embargo on wheat for eight years or more, but never in his wildest dreams had he thought he would one day sit down to a repast with the spirit which marked the speeches on this occasion when London accorded her highest honor in this ancient hall, or the pride with which the Cor-

poration's most treasured possession was brought from the vaults for our inspection. This was the scepter which for over 1,000 years has been symbol of the City's dignity and is carried before the newly crowned monarch at every coronation. With this we were shown a purse that was the gift of Queen Elizabeth. The date of some match containing ornaments with the City's crest was given to us after the luncheon will be treasured by every member of the party, no less than the memory of the great day on which Canadian citizens were guests of the Canadian Capital.

Entertainment gave place in the afternoon to a session with representatives of the City and London Trades of London, under the auspices of the London Chamber of Commerce. Here we listened to plain talk on subjects which were of great interest. An eventful day concluded with an evening at Drury Lane, the largest and most famous of London's theatres, where we saw "The Song," one of the most successful musical shows ever presented in London.

(To Be Continued.)

SUNDAY SCHOOL LESSON

JULY 1

THE EARLY LIFE OF SAUL

Golden Text: "Remember also thy Creator in the days of thy youth."—Ecclesiastes 12:1.

Lesson: Deuteronomy 6:4-9; Philippians 3:4-6; Acts 22, 23, 27, 28; Devotional Reading—Psalm 119:33-40.

Explanations and Comments

The Religious Training Of A Jewish Boy, Deuteronomy 6:4-9. Jehovah is the one absolute God. He must be served with all the heart, soul and strength. The commandments must be laid to heart, must be taught to children, must be constant subject of thought and conversation everywhere. Children must be taught to stand upright on the way in the evening, lying down, and in the morning on rising. They must be bound upon the hand for a sign, and worn around the fingers (front and back). The commandment was worn upon the arm in much the same way as children tie knots in their handkerchiefs, or change rings on their fingers, to remind the wearer of something he should not forget.

"Lord God of hosts, be with us yet, Lest we forget—lest we forget."—Kipling.

This was the teaching of Deuteronomy, and we may be sure that this was the instruction which Paul received while a lad in his father's house at Tarsus. "Oh, if our children all were brought Believers to God and duly taught His law to honor and obey, Pre-eminently blest were they; And bound as with a sevenfold cord Would be our nation to the Lord!"

How Much Water Should Baby Get?

A Famous Authority's Rule
By Ruth Brittain

Baby specialists agree nowadays that during the first six months babies must have three ounces of fluid per pound of body weight daily. An eight pound baby, for instance, needs 24 ounces of fluid daily. According to the rule is two ounces of fluid per pound of body weight. The amount of fluid absorbed by a breast fed baby is increased by weaning him before and after meals for a whole week; and it is easily calculated for the bottle fed one. Then make up any deficiency with water.

Giving baby sufficient water often relieves her feverish, crying upset and restless spells. If it doesn't, give him a few drops of "Fletcher's" Castoria, tea and orange juice. If babies and children such as colic, cholera, diarrhea, gas on stomach and bowels, constipation, sour stomach, loss of sleep, unfeeling, etc., lead physicians say there's nothing so effective. It is purely vegetable—the recipe is on the wrapper—and millions of mothers have depended on it for over thirty years in curing nursing babies. It regulates baby's bowels, makes him sleep and eat right, enables him to get full nutrition and increases his weight as he should. With each package you get a book on Motherhood worth its weight in gold.

Look for the signature of Chas. H. Fletcher on the package so you'll be sure to get the genuine. The forty cent bottles contain thirty-five doses.

EFFORTS MADE TO PUSH WORK ON H. B. ROAD

Ottawa.—Work continues to be pushed on the Hudson Bay Railway with considerable grading in progress. Whether the road will be finished by the end of 1920, as anticipated, cannot yet be said, but all efforts are being made during the season to finish those parts that can be worked on.

The northward course of the road occurs at Mileage 356 (from The Pas), a few miles northeast of Kettle Rapids. From there the railway will run almost due north to Fort Churchill, avoiding contact with Fort Nelson altogether. Churchill is at Mileage 512, which would indicate that 156 miles of steel still remain to be laid.

With regard to the Fort Churchill itself, officials of the department of railways recall that when Hon. Mr. Dunning was asked as to his policy respecting real estate speculation in the north he declared that the government had expropriated all lands on the east side of the harbor, where the dock works will be constructed. Compensation for this will be decided in the exchequer court in due time.

Most of the land for the townsite of Churchill was the property of a settler named Beach, who established himself there and homesteaded many years ago. He is now dead, but his heirs are scattered throughout Canada and they will be compensated for the expropriations.

The loss of the dredge of the Labrador coast last year may delay the harbor works for some time, throughout the winter a great deal of material was salvaged at Port Nelson and forwarded to Fort Churchill by motor-tractor. Other material has been floated up the bay. An aeroplane will be established within a few weeks as soon as the ice conditions in the immediate vicinity of Fort Churchill have become such as to enable the department of national defence "planes now at Cormorant Lake, north of The Pas, to make the trip to the port.

Caught In Snowstorm

Colorado Tourists Marooned At Summit Of Pike's Peak

Colorado Springs, Colo.—Twenty-five tourists have been rescued from the summit of Pike's Peak after being marooned there for 24 hours by the worst spring snowstorm to visit this region in seven years.

Several children were in the group, which had been isolated by great heaps of snow which covered the upper regions of the 14,000-foot mountain. Word of their plight was brought here when telegraph communications were restored and a snow plow fought through the drifts and reached the stranded tourists.

"Hunt" With Cruisers

Warsaw.—The Government has ordered three light cruisers to anchor in the mouth of the Vistula as a gesture to Danzig that Poland will brook no interference with her development of merchant marine. This action followed recent difficulties with Danzig Port and Customs authorities, who refused to allow several Polish freighters docking or anchoring facilities at Danzig piers. Danzigers protest that the ships are a menace, and constitute a danger to the safety of the city.

Attending Authors' Convention

Toronto.—A contingent of Toronto members of the Authors' Association will attend the annual convention in Calgary which opens July 4, including Dr. Charles G. D. Roberts, the National president E. M. Hardy, the National secretary and J. M. Elson, treasurer.

Trade Treaty Signed

Vienna, Austria.—A "treaty of mutual trade" between the United States and Austria has been signed by Chancellor Seipel and United States Ambassador Albert Henry Washburn.

Oil burning vessels are blamed for wholesale slaughter of fish.

Privy Council Ruling Important To Dominions

Judgment Rendered In Regard To Writ Of Habeas Corpus

London.—A judgment of grave constitutional importance to His Majesty's subjects in Britain and the overseas Dominions has been rendered by the judicial committee of the Privy Council on an appeal from Nigeria.

In effect, Their Lordships decided that although by the Judicature Act, various courts have been combined into one high court, each judge of that court still has jurisdiction to entertain an application for writ of habeas corpus either in term time or vacation, and he is bound to hear and determine such application on its merits, notwithstanding any previous judicial findings.

This principle must apply to the Supreme Court of Nigeria, they said in allowing the appeal of Eshugbayi Eleko, native chief, from a decision of the Nigerian Supreme Court which had found that Mr. Justice Tew, of Nigeria, had no jurisdiction to entertain Eshugbayi's motion for a writ of habeas corpus.

Must Make Restitution

Chicago Mayor and Three Others Sue \$1,782,279 To City Treasury

Chicago, Ills.—Mayor William Hale Thompson, Michael J. Flaherty, George F. Harding and Percival E. Coffin, public administrator and three real estate experts, were found in circuit court to have conspired together in hiring the real estate men to do special work under the last Thompson administration at a cost to the city of \$1,782,279. Judge Hugo Friend ordered the defendants to make restitution of that sum to the city treasury.

The court, terminating the two-year old suit, found the conspiracy had a two-fold purpose, "financing the political activities of the Thompson administration, and for the private benefit of the members of the conspiracy."

Had Narrow Escape

Window Cleaner Clings To Sill On Third Story Until Rescued

Winnipeg.—Clung desperately with his fingers to a window sill on the third story of the Grain Exchange building here, Steve Habuza, miraculously saved himself from death. He was cleaning windows and was adjusting his safety belt when the heavy steel sash fell, knocking him off the space. As he plunged downward he caught the sill just before the sash crashed down on his fingers, crushing them badly. He held on with all his strength until his plight was discovered and he was rescued.

Tribute For Pilot

Credit For Latest Atlantic Flight Given To Stultz

London.—Talking to London's assembled newspaper men recently, Miss Earth declared firmly and emphatically that during her brief stay in England she did not want to be the subject of "hero worship."

"I have done nothing to merit it," she said.

"It is because I am a woman that I have been forced into the spotlight. The credit for the success of the flight is due to Stultz. He controlled the plane practically throughout and was just splendid."

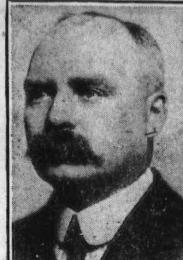

New Settlers Coming

London.—The families of 30 soldiers will be settled in Canada next spring under the new scheme of land settlement for military and naval families, it has been announced. The age of the head of the family will not exceed 40 years except in particular circumstances where the family is regarded as very desirable, in which case the age limit will be raised to 45 years.

Will Make World Tour

Minneapolis.—James W. Davidson, author, explorer and diplomat, a resident of Calgary, Alta., has accepted appointment as special representative of International Rotary for a tour around the world to visit clubs already organized in some countries and survey other countries not yet

B.C. PROVINCIAL ELECTIONS

John D. MacLean, of British Columbia, who will lead the Liberal party in a test of strength in July, when a general election will be held. Premier MacLean, who is a native of Prince Edward Island, succeeded to the chieftainship of the provincial Liberal party on the death of the Hon. John Oliver last year.

Scottish Youths For Canada

Inspector Comes To Dominion To Study Conditions Here

Toronto.—James M. Maltman is relief inspector of the Glasgow, Scotland, parish council. Interest in migration problems affecting the old country has brought him to Canada for the purpose of studying conditions as they have to do with youths who come out under the land settlement act.

"There are 8,000 people in our parish receiving relief," he said. "We quite appreciate that migration to Canada is not a solution to our problem, but we do feel that many Scotch lads, after they are hand-picked, tested and trained in farmland, may make good settlers for us."

"We are most particular as to what type of boy we train. And never accept those who have been in a reformatory or are of doubtful character." He brought out with him 30 youths who are already placed on farms in the Dominion.

Storm Takes Heavy Toll

Tornadoes Cause Death and Destruction In Southwestern States

Kansas City, Mo.—Three more deaths and millions of dollars of property damage were added to the toll taken by storms in the Southwest.

Tornadoes again visited communities in Oklahoma, and high winds, floods and hail scattered destruction in sections of Kansas and Missouri.

The three deaths reported recently, brought the total dead to 12 and more than a score of names were added to the long list of injured.

The Red Cross reported 2,200 persons homeless, many of them destitute.

Memorial To Coal Miner

Lethbridge.—Plans are progressing rapidly for the unveiling here, July 15, of the memorial cairn to Nick Sheran, Alberta's first coal producer, who in 1872 opened out the first mine on the banks of Belly River.

WILL GIVE CANADA HELPING HAND

Photograph shows a happy group of young women who arrived in this country recently for domestic work, positions having been assured them before leaving the Old Country.

They arrived in Montreal after a pleasant voyage on the Canadian Pacific Steamship "Mellita" with the ship's conductress, who is seen in the center of the group, and who advised them that it were better to work for a salary and be independent than just to work at keeping house.

Tragedy In Belgrade

Two Members Of Serbian Parliament Are Killed By Radical Deputy
Belgrade, Jugoslavia.—Inflamed by frequent interruption and the refusal of the opposition to withdraw insulting words, Puncic, Raditch, Radical deputy, drew a revolver during a session of the national assembly and fired all six rounds into the group of opposition members.

Paul Raditch, nephew of Stefan Raditch, the peasant leader, was killed; Stefan Raditch himself seriously wounded. The Croat deputy, Dr. Barbatovic, was also gravely wounded that he died on his way to the hospital.

Dr. Pernar and two other deputies, Grandja and Jaselski, also received bullet wounds of a dangerous nature.

This was the culmination of fierce controversies and hand-to-hand fights which have recently taken place in the Jugoslav parliament. The crime is considered the most terrible since the memorable assassination of King Alexander and Queen Draga, just 25 years ago this month. It has thrown the whole of Jugoslavia into a ferment of excitement.

Parliament had scarcely opened this morning when the opposition led by Stefan Raditch, began its ultra-nationalistic tactics against the government's legislation in the forefront of which is ratification of the international convention with Italy.

At the height of the angry debate Stefan Raditch, turning to the government benches and shaking his finger, shouted: "You are not men; you are swine!"

Lynching Is Condemned

Population Of Texas City Is Stirred Over Lynching Outrage

Houston, Texas.—Stirred by the first lynching here in 50 years, community, county and state officials joined in an intensive search for eight unmasked white men who took Robert Powell, 24-year-old negro slayer, from a hospital cot and hanged him from a bridge.

The fact that the lynching took place while the national political spotlight is turned on the city caused officials particular concern and quick steps were taken in an effort to fix responsibility.

An appropriation of \$10,000 was voted by the city council for an investigation by a committee of six, two members of which are negroes.

Says Navy Best Defence

President Of Empire Declares

Saint John, N.B.—Treaties and pacts could never take the place of the "sore shield"—the navy—declared President Sam Harris, Toronto, before the annual meeting of the Navy League here. The unity of the Empire, he said, depended on the naval defence. He asserted Canada should pay a fair share towards protection of its overseas trade.

The session was taken up with a presentation of the Canadian state of affairs of the organization, which showed the League with highly satisfactory resources. Endowment fund securities amounted to \$485,000. Surplus in the general fund December 31, 1927, was \$19,721.53; it was reported.

NOBLE PARTY RECEIVE RELIEF AFTER LONG WAIT

King's Bay, Spitsbergen.—General Umberto Nobile and five of the crew of the lost dirigible Italia were found on an ice floe by Major Maddalena, Italian aviator. He drove his machine guns, ammunition, food and cigarettes, while the castaways danced joyfully about their desolate encampment. Maddalena was unable to make a landing.

This first relief for the Italian explorers came twenty-six days after their dirigible, returning from a flight over the North Pole and weighted with ice, suddenly descended, smashed the gondola in which Noble and eight of his crew were riding, and carried the remainder in the unmanageable balloon northward before a gale.

The S-55 was manned by Maddalena, Lieut. Cagna as co-pilot, with radio operator Abelli and Mechanic Sergeant Rampini, who had come with the plane on its flight from Italy.

All Europe, moved for days by the dramatic plight of Noble in hearing and seeing relief planes overhead but being unable to give them position, tonight was anxiously waiting for word from Amundsen.

Captain H. Risner-Larsen returned from his fourth reconnoitering trip over the ice without having seen anything of Noble or the other two participants of the Italia's crew.

Larsen said the altitude of flight of his machine was too small and suggested an "icebreaker" be sent to North Cape to rescue the three men of Noble's crew who left him in an attempt to walk to the mainland.

The rescue ship Braganza is unable to advance further toward the east because of packed ice.

May Be Lost In North

Fear Entertained For Missing Trapper In Northern Alberta

Edmonton, Alta.—The hazards faced by the men who go into the northland in quest of furs is once again exemplified by reports from northern detachments of the Alberta Provincial Police reaching Edmonton headquarters.

A telegram received from Constable Baynes of Fort Fitzgerald, says that fears have been expressed for the safety of Walter Reamer, a trapper from the northernmost post in Alberta. The trapper is now long overdue, and a party headed by the constable are on the trail in search of the missing man.

In his lonely shack on the Athabasca river, 70 miles down river from the town of Athabasca, John Wickstrom, 70, old-time trapper, was found dead in his bed. It is thought that he peacefully passed away in his sleep.

Planning Westward Flight

Trip Not Yet Properly Accomplished Says Harry Lyon

Sydney, N.S.W.—Harry W. Lyon, the Australian navigator of the trans-Pacific plane "Southern Cross," announced that when he and his fellow countryman, James W. Warner, its plane's radio operator, returned to the United States, they would prepare for a flight from Ireland to America. He added that they would invite Captains Charles Kingsford-Smith and Charles Ulm, the Australian pilots, to participate in the flight.

Lyon contended that the westward crossing of the Atlantic had not yet been properly accomplished.

Winnipeg Coveted Medal

Portland, Ore.—Sir Robert Phillips, of Edinburgh, president of the British Medical Society, was awarded the Trudeau medal, most coveted prize offered to scientists fighting tuberculosis. The award was announced at the convention here of the National Tuberculosis Association.

Mountain Resort Acquires New Charms

1—Alone in its world is the Banff Springs Hotel. 2—An interior view of the new swimming pool built in the hotel.

Acknowledged by the most discriminating as the finest resort hotel on the American continent, the Banff Springs Hotel, opened by the Canadian Pacific Railway Company on May 15, is indeed a masterpiece of architecture in the Rocky Mountains. This internationally famous center has been in process of remodeling during the past two winter seasons, and now stands complete, magnificent as to construction and furnishings and beyond compare as to beauty of surroundings.

The Banff Springs Hotel is so constructed as to blend, in the beauty of its architecture, with the snow-capped peaks of the mountain ranges. Built of native stone quarried from the base of Mount

Bundle and trimmed with Tyndall stone from Manitoba the building itself, compleys with all the tenets of beauty and comfort.

The Banff Springs provides accommodation for 11,000 guests and contains 600 bedrooms with baths in addition to a large number of suites of marked beauty and comfort. The layout of the public rooms and private suites are fully thought out, and these rooms are especially appealing in point of design and richness of furnishings. The Banff Springs is the setting of beauty in themselves, and the view, down the valley of the Bow

River, is alone worth a trip to Banff.

The building of this great hotel or rather the work that has been going forward for several years, but the construction work has not interfered with the comfort of the guests in any way. The work has been carried on during the winter months. Enormous wooden sheds were erected and heated throughout the structure, so that the work could go on with the same ease as if at the height of summer. It is interesting to note in this connection that the system of construction involves a monthly consumption of coal of more than 700 tons.

Here and There

(81) The Duchess of Bedford, latest addition to the Canadian Pacific's fleet of passenger liners on the Atlantic, is the first of four cabin class vessels being constructed for the company's Pacific to be added to the company's fleet on the St. Lawrence route, and they will also be used for winter cruise purposes.

Whisper. According to statistics recently collected from 24,162 farms, there are 6.8 horses to each farm in Manitoba and a tractor to every 4.6 farms in the province. Each farm in Saskatchewan has 6.2 horses and there is one tractor to every 4.7 farms, in Alberta there are 10.8 horses to each farm and one tractor to every 7.5 farms.

Ottawa, Ontario. Employment stood at a higher level in Canada in April, 1928, than in any April as far back as 1919. Returns from 6,191 employers of labor with working forces aggregating 842,940 persons, showed the employment index standing at 101.1, as compared with 92.2 in April, 1927, and 84.1 in April, 1926.

Whisper. Domestic entries in the four Western Provinces for the first quarter of the year totalled 1,116, as compared with 1,039 in the first quarter of 1927. Filings in Manitoba were 107, as compared with 101 in 1927, and 96 in 1926; in Alberta 513; in British Columbia 72, against 12.

Earnings and expenses statement of the Canadian Pacific Railway for the month of April, issued from headquarters of the company, show net earnings \$15,944,000, as compared with April of last year. Net profits for the four months to end of April are shown increased by \$1,302,617.71 as compared with the same period of 1927.

The English Rugby League Football team, at the present time touring Australia and New Zealand, is scheduled to arrive at Victoria on R. M. S. Niagara, September 14, and will play a game there next day, leaving on the Trans-Canada after which they will travel to Montreal where another game will be played September 26, before sailing for England on the Duchess of Atholl next day.

Free scholarships to C. P. R. apprentices or employees under 31 to minor sons of employees of the company covering five years' tuition in Chemical or Civil Engineering, Electrical Engineering, or the University of Montreal and four years' tuition at the Montreal School for higher commercial studies may be obtained by circular over the signature of George E. Madill, service-president of the railway. The scholarships are two in number, one at each of the institutions of learning specified and are decided by high standing in competitive examination.

"HELPED ME WONDERFULLY"

Woman Strengthened by
Taking Lydia E.
Pinkham's Vegetable
Compound

Port Colborne, Ont. "After having an operation, I was very miserable, weak, nervous and very near unto death. I took Lydia E. Pinkham's Vegetable Compound advertised and sold by Dr. J. H. Beechsteller, Box 143, Port Colborne, Ont. It helped me wonderfully. I have no weak spots any more. The pain has left me and my nerves are much better. I feel safe in saying Lydia E. Pinkham's medicines have helped me wonderfully." Mrs. W. H. BEECHSTELLER, Box 143, Port Colborne, Ont.

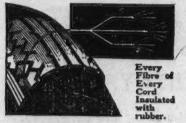

CHAPTER XXVI.—Continued.

When they were in the car, Maude finished the conversation. "Helmi is doing well, but don't fuss her up by taking her out. Try to get to know too much. Now, Mrs. Bell when she spoke to me said I would have to get some soap to wash. Helmi would not be able to do the washing, especially the hanging out of the clothes, on account of nursing her baby—she might catch cold. But Bob, she does it and washes beautifully. I just kept quiet. So we're saving two dollars—a week there. Now, how's that? Am I a good wife for a poor man? I'll say I am. Those foreign girls are strong as horses. Well, she's good to the baby, anyway, but don't spoil her, for Heaven's sake. The more you do for people the more they expect—take it from me!"

To which Mr. Herricot replied: "I bet she'd like a ride, though; she's only a kid. She's younger than you are; and I think she looks pretty pale and tired sometimes."

"Look here," said his plump little wife, asserting her dignity. "Who is running the house?"

Let Gum-Dipped Tires Save You Money

Only in Firestone tires can you get the advantages of the exclusive Firestone Gum-Dipping process in which every fibre of every cord is insulated with rubber which prevents internal heat and friction—the greatest enemy of tire life.

This is the reason why Firestone tires give thousands of extra miles. They cost no more than ordinary tires. See the nearest Firestone Dealer.

GUM-DIPPED TIRES

W. N. U. 1739

"And when she said it she looked so utterly sweet and plump and pink and white, so much like a spoiled but very pretty child, that her husband kissed her and forgot all about Helmi.

Helmi had a friend in the bread man, who gave her snatches of news from the outside world. The soldiers from out at the Exhibition Grounds were going away soon. They would go direct to England, to Salisbury Plains. His boy was with them—"as good a boy as ever stepped." But he would go—"a chip off the old block." He had been in South Africa in the War—was mentioned in dispatches, too—but nobody knows anything about it now. The world soon forgets. These soldiers will be forgotten, too, for all the soldiers are playin' for their packages.

Helmi was not unhappy. She had pleasure in her work and in caring for little Lili, who grew lovelier every day. The Herricot baby was a healthy child who slept well and cried profoundly. "Has she taken to it yet?" the grandmother asked, each time she came.

From her room Helmi could look out to the railway tracks and see the Peace River train come in as it crossed the street, moving silently along, like a square, black, jointed snake. She found herself watching for it every Tuesday and Saturday. It was queer that Sis had not answered her letters.

One night in April, when Mr. and Mrs. Herricot were away to a dance, Roland, their baby, grew suddenly ill—the usual symptoms, little hot hands, feverish breath and restless tossing head. Helmi was walking the floor with him when the parents came from two o'clock in the morning.

"Lay him down and let him cry," said his mother, as she threw her cloak on the dining-room table; "it's his teeth. All kids have it; they're calling him."

"You'd better send for the doctor," said Helmi. "See how red he is—I am afraid of tulirokko—the red fever."

"Nonsense!" Maude Herricot had just come from "The Macdonald."

She had danced every dance and the exhilaration of it was still in her brain. The idea of this Finn girl saving the doctor should be brought!

Helmi was frightened. The baby's eyes were burning and rolled uncertainly, and the night was heavy with the sudden heat of spring. "Please do get a doctor, Mrs. Herricot," she pleaded; "it's bad, this sudden sickness; sometimes it brings on convulsions and babies die."

Mrs. Herricot took another look at the baby and felt his head and his hands. "Oh, he's all right—he has a little hot, but his hands are cool—feel it!"

The finger tips were cold. "Well, I am going to bed; I've had a hard day, and there's another ahead of me tomorrow. I don't see that there's any sense running up a bill with a doctor when there's no need. All kids get sick sometimes, and the less notice you take of them the better."

The next day Lili grew hot and restless and Helmi sent for a doctor. In three days the doctor declared it to be scarlet fever, and the Herricots decided that both children should go to the Isolation Hospital.

"Let me stay and keep them," pleaded Helmi; "I cannot let my baby go—she will fret for me—she will die among strangers. Please Mrs. Herricot, let me stay. I will work for you for a year—for five years—for nothing—if you will let me stay here and keep her. And I will nurse Roland too." Helmi was rocking herself from side to side in her anguish.

Mrs. Herricot did not hesitate a moment. "No, Helmi, we can't do that—they'll all be right at the hospital—it's the right place."

"But my little Lili will die! I curse my Lili."

"Well, you'll have to wear her—she'll look after that. I can't help it anyway, so don't stare at me."

Heim sprang to her feet and shook her mistress fiercely.

"I care! I love my baby; you do not love yours. You can send yours. If he dies you will be glad. If my Lili dies I do too! Let me keep both, please, please!"

"Bob, listen to this—wouldn't it be your Helmi, you have your nerve. Now, listen, they are both going. I guess if the Isolation Hospital is good enough for Roland Herricot it will do for Lili, so cut out all the fireworks and get them ready."

Plump and pink and white, with a

When Capt. Malcolm Campbell completed his world's record automobile drive at Daytona Beach, his first request was for a cup of "good, strong tea." This courageous Captain would have enjoyed Red Rose Tea because it is a blend of choice Assam and Ceylon teas, whose characteristics above all others are strength and flavor, packed by men trained in the London tea markets. Sold by your grocer in clean, bright aluminum packages.

Teeth and Health

GREENSTAIN

You are anxious that your child have nice, white teeth, and you are endeavoring to get him to form the habit of daily care with perhaps good success.

When you notice a dark greenish stain on your child's teeth next to the gum, and which persists in spite of careful brushing,

This, then, is "greenstain" and is generally found on both the temporary and permanent teeth, being generally confined to the interior upper teeth, well up towards the gum.

This greenstain color is due to bacteria present which lodges in those areas afforded by the remnant of a dead cuticle which often persists after the eruption of the tooth.

With the exception of the permanent teeth, the enamel will remain for a considerable time upon these surfaces, the enamel will be found to be "etched" or roughened by the action of the acid which the bacteria produce. Unfortunately, this injury to the tooth substance is permanent.

Now, you readily understand that these roughened areas will hold food particles and epithelial matter such as are found in a mouth where brushing is neglected—and with resulting dental decay.

The removal of greenstain has better be left to your dentist, who, by employing some abrasant such as sandpaper, will be able to smooth and polish these areas and check further deposits of this nature.

So not only, as you see, should greenstain be removed—for appearance sake, but also as a prophylactic measure in the prevention of decay.

Time Has Tested It.—Dr. Thomas' Special Greenstain Remover has been on the market upwards of fifty years, and in this time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried it far beyond the seas. If it were double the price it would be a cheap liniment.

Little Helps For This Week

"But I would not have you to be ignorant, brethren, concerning them which are asleep, that ye sorrow not, even as others which have no hope."

—Thess. iv. 13.

Wherefore is comfort, somewhere faint?

—Therefore thou in outer dark remain: One sweet, sad voice enlivens death; And still for eighteen centuries saith Softly, "Ye meet again."

—James Russell Lowell.

Those who are gone you have, Those who are departed loving you, love you still; and you love them always. They are not really gone—those dear hearts and true—they are only gone into the next room, and you will presently get up and follow them, and yonder door will be closed upon you, and you will be no more seen.

—William Makepeace Thackeray.

For Catarrh.—It is one of the chief recommendations of Dr. Thomas Electric Oil that it can be used internally with as much success as externally. Sufferers from catarrh will find that the Oil when used according to directions will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonial.

Of course the fittest survive, as Darwin said. We're all here, aren't we?

Minard's Liniment for insect bites.

Railway engines are said to make full use of only five per cent of the heat generated in their boilers.

Reduce the Acid

Sick stomachs, sour stomachs and indigestion are all means excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach ach and intestines sour.

Aids to health—Milk of Magnesia.

NO NEED FOR STOUTNESS

MAIGRIS is the correct method of reducing for all ages. It is a safe, harmless and effective remedy. Does NOT irritate the skin. Does NOT injure drugs. Use this marvelous remedy—saturation or money refunded. Send by mail and send in plain wrappers. Price \$1 per box, or 3 boxes for \$3.50. Write—

Plans Difficult Climb

Mount McKinley Peak Is Objective Of Park Superintendent

An attempt to climb Mount McKinley, the highest point in North America, will be made this summer by Harry Karsten, superintendent of Mount McKinley National Park in Alaska.

The Department of the Interior has announced that the attempt will be made in the interest of science to determine whether the Alaska peak is the coldest spot on earth.

Karsten, who climbed the peak with a party of three in 1913, plans to recover a recording thermometer he left on his previous ascent. The mountain is 20,300 feet high.

RHEUMATIC PAINS DUE TO THIN BLOOD

Relief Comes Through the Use of Dr. Williams' Pink Pills

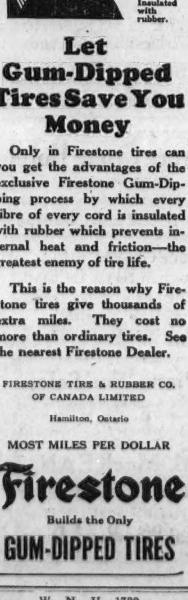

The man a rheumatic sufferer can hope to bring about a cure on the swollen, aching joints is a little relief, and all the while the trouble is becoming more firmly rooted. It is most important that rheumatism is seated in the blood, and that as the trouble goes on the blood becomes still further thin and watery. To get rid of rheumatism, therefore, is to get rid of the trouble in the blood." That is what Dr. Williams' Pink Pills have proved so beneficial when taken for this trouble. They may not be rich blood which carries the poisonous acid and the rheumatism disappears.

There are thousands of former rheumatic sufferers in Canada and elsewhere who take Dr. Williams' Pink Pills that they are now free from the aches and pains of this dreaded trouble. One of these men is John McLean, Ont., who says: "I am one of the leading ones to tell you of the great benefits I received from the use of Dr. Williams' Pink Pills. After lying in bed for months with suffering and agony with inflammatory rheumatism, relief finally came through the use of this medicine. I could not lie in bed only as they lifted me, and I could not sit up only as they were given me. The medical treatment I was taking seemed of no avail. Then I was advised to try Dr. Williams' Pink Pills, and I began to get relief. After taking six or eight boxes the rheumatism was banished and I had never felt better in my life. It is now four years since this happened and I have a return of the trouble since. I may add that I recommended the pills to two of my friends who were suffering from rheumatism and the pills were equally effective in both cases."

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, indigestion or nervousness. Take them in the ton to get the best physical condition and cultivate a resistance that will keep you well and strong. You can get the pills through any medicinal dealer or by mail at \$5.00 a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Counsel (severely): Please remember that you are an oath. You understand the nature of an oath, do you not?"

Girl Witness (brightly): "Profane, isn't it?"

A reliable antiseptic—Minard's.

RESTAURANT IN CONNECTION

Stony Plain and District.

Mr Sam Zucht returned on Sunday, from a flying trip to Wembley. Sam reports they have prospects for good crops up in that district this year.

Friday's train from Prince Rupert was twelve hours late, caused by a slide in the mountains.

The students are returning from the U. S. colleges. Mr Hy Treit returned last week from St. Louis, and Mr Unterschuetz from the Seminary at Springfield, Illinois. Mr Val Eichenlub, who had been attending the latter college, is now engaged in Mission work.

Mr Jacob Hennig, a former resident of Golden Spike and a graduate of the Seminary in St. Louis, has secured an appointment to take charge of a congregation.

Sporting Notes.

At the ball game at the Grove on Sunday, the Grovers won over Winterburn by a score of 5 to 4.

At the ball tournament at Edmonton Beach on Sunday the first game resulted: Stony 9, Holborn 6. Batteries—Stony, L C Lory & Bill; Holborn, L Kimmerly and Philip Sinner. Second game, Holborn 6, Spruce Grove 8. The Grove's battery: C Fuhr & John Miller.

Accident at Duffield.

While trying to crank a car at the close of the dance at Duffield on Saturday night a young man named Bert Bryant had the misfortune to have his right wrist dislocated and two bones in the forearm fractured. First aid was given by Corp. Moses. Afterward he was taken to Stony, where his injuries were attended to by Dr. Walton. Bert's father keeps the store at Keep Hills.

Duffield's Picnic.

Duffield's annual picnic held on Saturday last, was a very successful affair, the rain holding off long enough for the running off of the sporting events and the dance. The silver trophy donated by Mr Percy Faulks for competition between the schools of the district was won by Duffield school with 15 points; Manly and Rose Valley tied for second place with 14 apiece. The pony race for ladies was won by Mrs Brass; Miss Jean Tyrrell 2d. Baseball: Walther League 5, Duffield 4. Football: Duffield 1, Keep Hills 0. Full list of prize winners in next week's Sun.

Railway Time Table.

Going east—Every morning at 6.55 except Tuesday. Going west—Every night at 10.36 except Sunday.

Spruce Grove News

There will be a conference of the delegates of the Lutheran church (Manitoba Synod) on July 4th to 10th, in St Matthew's church (Manitoba Synod).

Pastor Poetzsch is expecting some 60 delegates to be in attendance.

A garage is under construction in connection with the Parish House at St. Joseph's Church.

Mr Chris Wangler was confined to his apartments this week, being under the doctor's care.

"Duke" MacKean predicts good weather, a big crowd, and lotsa fun at the big picnic tomorrow.

Mr J Nichols, proprietor of the Cafe in connection with the Spruce Grove hotel, wishes to thank the public for the hearty support given him since he opened for business two weeks ago.

The district south and east of the Grove was blessed with a very heavy downpour of rain last week, making it particularly good for the crops but leaving the roads in a very mushy condition.

Mr Conrad Fuhr has taken charge of the local postoffice.

Tenders are being called for the work of remodelling the school building at Atlin Lake.

The ball teams who play at tomorrow's picnic are: Stony Plain, Winterburn, Holborn, Spruce Grove.

Found, on the Baseline, near Spruce Grove, motor license number 65583. At Sun Office.

Wheat Pool News.

Rapid extension of the Alberta Wheat Pool elevator system is being undertaken this year; 18 country elevators are now being built and 8 have been purchased. The system will be extended by the addition of at least 100 elevators this year. Experience in operating the Wheat Pool has shown that line and terminal elevators are imperatively required in order that members may be given the greatest possible protection, that wanted grades of wheat may be readily obtainable when the demand has arisen, and that the greatest possible savings may be effected.

Over 600 men are now working on the new terminal elevator being built by Alberta Wheat Pool at Vancouver. This elevator will be completed by Sept. 1.

Spruce Grove Picnic, June 29

List of events, to be run at the Community Picnic at the Grove tomorrow:
